

How Dog Walker

Watch Works

The idea behind the Dog Walker Watch Program is that it is unscheduled: With people out at all hours of the day and evening walking their dogs, why not train them to know what might constitute suspicious activity?

We already have Block Watch, but here is a whole other asset of eyes and ears out their talking to us...we can make them a little more aware of what is going on and not be intimidated to call 911!

TOGETHER, WE CAN BUILD A SAFER, MORE ALERT COMMUNITY!

What is Dog Walker Watch?

A Crime awareness program that encourages dog walkers throughout the area to assist as “extra eyes and ears” in the ongoing crime prevention efforts.

“extra eyes and ears” for crime prevention.

Why Implement a Dog Walker Watch?

There are dozens, if not hundreds of dog walkers throughout the community at all times of the day, all days of the week, in all weather conditions, who are often preoccupied with texting, chatting, emailing, and phone calls during their neighborhood walks.

The program trains you how to effectively observe and report criminal activity.

How Dog Walker Watch Works

Those signing up for the program will not be bringing in their dogs for the session.

Because of how cell phone technology differs from traditionally land line phones, there will also be information on how best to report suspicious activity when calling 911 from a cell phone.

The Goal of Dog Walker Watch

Let criminals know that dog walkers **DO REPORT** suspicious activity. Criminals will then go elsewhere!

A crime awareness program of National Association of Town Watch.
