   1 Soldier 1 Dog 1 Team (1S1D1T)

22 USA Veterans commit suicide Every. Day.

Veteran's Administration study (1/22/17 site, USA TODAY, Gregg Zoroya, 2/1/13)

1 Soldier 1 Dog 1 Team Founder Tim Duffy began focusing on building his mission of Post Traumatic Stress (PTS) education and incorporating support canines rescued from shelters several years ago. Duffy is a veteran and retired FDNY firefighter and knows the battle first hand.

Duffy has combined his knowledge, education and passion for helping fellow soldiers, first responders and shelter dogs, dedicating his life to creating teams who serve each other, giving the team a greater quality of life.

1S1D1T is reaching out to our veterans and first responders, training each soldier and shelter dog together to help build the team – saving soldiers and their dog, one team at a time.

ARE YOU or DO YOU KNOW A VETERAN OR FIRST RESPONDER WHO COULD BENEFIT FROM 1 SOLDIER 1 DOG 1 TEAMS SERVICES?

Contact Jenny Price at jenny@1soldier1dog1team.org for more details.

Tim Duffy, 58, New Jersey, is a FDNY retired firefighter, 9/11 first responder & survivor, Navy vet and noted 30+ year dog trainer.
